

GARAGE DOOR REPLACEMENT

At the November 16, 2006 Association meeting the decision was made that the following garage door would serve as the replacement for garage doors by homeowners.

A Haas steel insulated door, Model RHT 780, color almond.

Each homeowner can choose whether they want a door with or without windows.

The recommendation of the Landscape Committee is that the side doors, the doorframes, as well as the wood above the door be painted almond to match. This was the recommendation of a consultant from Design Doctors who worked with this Committee.

The door which has been installed at unit 1306 was purchased from:

All Style Garage Doors
6521 Dawn Avenue E
Inver Grove Heights, MN 55076
651-552-1333
Keith Momper

Mr. Momper was very helpful in providing information when this was being researched and I believe Brimeyers were pleased with the installation process.
